The Law Enforcement and Public Safety Academy is a highly focused program for students with specific interests in law enforcement, fire fighting, homeland security and first response. The program of study includes law enforcement, physical training, and forensic science. In addition, students will receive training toward certification in various public safety areas, such as Red Cross First Aid and CPR. Skills and an expanded knowledge of the field is achieved through active participation in volunteer programs and a senior externship (SLE-structured learning experience).
