

FREEHOLD REGIONAL HIGH SCHOOL DISTRICT

Dear Parents of 8th grade students,

You are now beginning an exciting time in your child's education. We have planned a wonderful evening full of information and inspiration. Together, we will start this journey that will help our students reach their future goals.

We cordially invite you and your future high school students to join us for our 8th grade orientation. We would also like to invite the parents of special education students to meet with the Special Education Supervisor and learn about the specific programs offered at each high school.

We look forward to beginning a collaborative relationship that will ensure a successful high school experience and support our students' efforts to realize their hopes and dreams.

Please check the chart below as to date and time for the individual high schools.
