

**Freehold Regional High School District
Chromebook Rules and Guidelines Agreement Form**

Student Name: _____

Student ID Number (FRHSD): _____

School: _____

Grade: _____

As our students' embark on their educational and post-secondary journeys, technology continues to evolve as a critical and necessary tool for enhancing learning and collaborative opportunities. FRHSD will ensure that every student has access to a Chromebook that will enable them to participate in opportunities, learning experiences, and collaborative processes in and out of school so they are prepared for their post-secondary aspirations.

Each student will have access to their own personal Chromebook for learning in school and at home. Students will be able to access Google Apps for Education where they can participate in course activities in an electronically collaborative environment. All students will be provided with a Hewlett-Packard Chromebook 14.

Parents/guardians are required to submit an **annual fee of \$50 per student** which provides the student with a Chromebook, support, and coverage for repairable damage for the duration of the school year. Accidental damage that can be repaired will be covered with the exception of a total loss due to damage or lost or stolen devices (see below). When a student's Chromebook is being repaired, students will receive a loaner that they can use in school and at home for school work. Parents can pay the annual fee using the FRHSD Pay Schools application.

I have read, understand and agree to:

Use of a school-issued Chromebook is subject to the Freehold Regional High School District Policies and Regulations.

Policy 7523 - School District Provided Technology Chromebooks to Students

Policy and Regulation 2361 - Acceptable Use of Computer Network/Computers and Resources

In order to maintain the privilege of using the school-issued Chromebook, I agree to the following:

Keep the Chromebook in my possession at all times. I will not give or lend it to anyone except to return it to the school for repair in case it is damaged. If placed in a locker, the lock will be set and the combination will not be shared with anyone else. During Physical Education class, it is to be secured in a locked locker with a private combination.

Carry the Chromebook in a secure manner to minimize the chances that it will be damaged or destroyed. I will bring my Chromebook to school fully charged.

Follow Policy 7523 - School District Provided Technology Chromebooks to Students, and will not use the Chromebook, in or out of school, for inappropriate or unlawful purposes. I understand that the school will fully cooperate with all relevant authorities in investigating and prosecuting any unlawful use.

The Chromebook must be returned to the Freehold Regional High School District at the conclusion of senior year (or earlier if I should leave the district). I further understand any applications, music, etc., loaded on the Chromebook become the property of the school district and will not be returned.

Please acknowledge that you have reviewed and understand the following:

The Chromebook is an essential part of the student's education and that they will need to have the Chromebook fully charged, in working condition for the start of each day.

The Chromebook may record or collect information on my use if the Chromebook is equipped with a camera, global positioning system, or other feature capable of recording or collecting information on my activity or use of the Chromebook. It is possible this collection of information on the student's activity or use of the Chromebook may occur outside of the school.

The School District shall not use any of the capabilities in a manner that would violate the privacy rights of the student or any individual residing with the student as per N.J.S.A.18A:3639 (P.L. 2013, c. 44).

The Chromebook comes with filtering software. While in school and at home, Chromebooks will use the Wi-Fi to access the Internet. Wi-Fi access outside of school must be provided by the parent/guardian.

As the parent or guardian, I am responsible for monitoring my student's use of the Internet at home. I am responsible for deciding how, when and where the Chromebook is used by my student outside of school based on their educational needs.

If the Chromebook is lost or stolen, I will immediately notify the school administration. I understand that the School shall not be responsible for any damages or losses related to the Chromebook. Any costs associated with instances of loss, theft or damage may be the full responsibility of the student and his/her parent/guardian.

The replacement cost of the Chromebook is due within two (2) weeks of reporting the unit lost, stolen or damaged beyond repair.

I am responsible for the replacement cost of the Chromebook should it get broken beyond repair, stolen or lost at a cost of **\$250**.

I am responsible for the replacement cost of the Chromebook charger should it get broken, stolen or lost at a cost of **\$25**.

I agree that I will return my assigned Chromebook, when asked, in good working condition and understand if it is not returned, a police report may be filed.

Failure to comply with any of these rules and policies may result in disciplinary action including the suspension of my use of the Chromebook.

_____ I acknowledge that I have read, understand and agree to the **Freehold Regional High School District Chromebook Rules and Guidelines**.
