

Individualized Pupil Learning Opportunities RECOGNIZED PROVIDERS

INTRODUCTION

The following are recognized providers for individualized pupil learning opportunities (IPLOs). *“Recognized” means that the FRHSD has verified that they are an officially accredited educational provider. This does NOT mean that all courses from these providers will be approved.*

We review each syllabus individually to ensure that it meets or exceeds the New Jersey Student Learning Standards and the FRHSD curricula. In addition to passing the course with a recognized provider, students must also pass a Freehold Regional final exam or other assessment upon completion. However, students may participate in *credit recovery* (to regain credit from a failed course) with these providers without having to take a district final exam.

You may submit an application to work with a provider that is not listed here, but the processing of your application may take significantly longer as we collect required documentation from the provider. *Credit recovery* taken through a provider that is not listed here will require the student to pass a district final exam or other assessment.

Note that *transcript credit* requires a course of at least 24 hours per credit (5 credits = 120 hours). In most cases, *credit recovery* for a failing grade requires a course of at least 60 hours. Some *credit recovery* scenarios (withdrawal of credit for excessive absence, for example) may require experiences of 120 hours. *Advancement* has no time requirement, but does require a student to pass a district final examination in addition to any examination required by the provider; for that reason, we recommend a course of at least 120 hours.

The FRHSD does NOT guarantee that any outside provider will satisfactorily prepare a student for advancement or continued study in any content area, or to pass any required district, state, or other final exam/assessment. Parents should consult the curriculum documents available on the district web site, <http://www.frhsd.com/>, in order to ascertain whether any course opportunity is suitable for credit recovery, transcript credit, or advancement. **Approval of any application in no way implies or guarantees satisfaction of NCAA eligibility requirements for any division.**

Providers are listed alphabetically on the subsequent page.

INDIVIDUALIZED PUPIL LEARNING OPPORTUNITIES: RECOGNIZED PROVIDERS

Provider (click on the name to go to their website)	Set semesters or flexible start dates	Accreditation	Credit Recovery (60 hours)	Original credit or advancement (120 hours)
Apex Learning	Classes begin every Mon.	NWAC	Yes	Yes
Fuel Education	Any time enrollment	NWAC	Yes	Yes
Keystone School <i>In addition to the online application, Keystone requires Guidance to complete a form.</i>	Any time enrollment	MSA, NWAC	Yes	Yes
New Jersey Community Colleges (Brookdale, Ocean County College, etc.) <i>(Two semesters = an FRHSD full-year course)</i>	Fall/Spring/Summer semesters	Varies	No	Yes
