

# Division of Vocational Rehabilitation Services (DVRS)

## Student services: TRANSITIONAL STUDENTS

The New Jersey Division of Vocational Rehabilitation Services (DVRS) assists students with disabilities who will need services to prepare for, get, and keep a job. Our ultimate goal is to create a smooth transition from school to work so that upon graduation, a student is prepared to begin work or post-secondary training that leads to employment.

## Student services

Pre-Employment Transition Services (Pre-ETS) can be provided for students with disabilities between the ages of 14-21. Pre-ETS consists of the following:

1. Job exploration counseling
2. Counseling and guidance services on comprehensive transition, vocational training, industry-recognized credential programs, and post-secondary school training
3. Work-based learning experiences, internships, and apprenticeships
4. Workplace readiness training to develop social skills and independent living skills
5. Instruction in self-advocacy

These services are available to all students with disabilities, including students who are home-schooled.
